The regular meeting of the Newton City Council was held at 7 p.m. Tuesday, August 1, 2017 at Newton City Hall.

PRESENT: Mayor Anne P. Stedman, Mayor Pro Tem John Stiver, and Council Members Tom Rowe, Jerry Hodge, Wes Weaver, Jody Dixon and Robert C. Abernethy Jr.

STAFF: City Manager Todd Clark, City Clerk Amy S. Falowski, City Attorney John Cilley, City Department Heads and members of the management team

ITEM 1: CALL TO ORDER

Mayor Anne P. Stedman welcomed everyone and called the meeting to order.

ITEM 2: OPENING Invocation and Pledge of Allegiance

Council Member Tom Rowe provided the invocation and Pledge of Allegiance.

ITEM 3: APPROVAL OF MINUTES

Upon motion duly made by Council Member Jody Dixon, seconded by Mayor Pro Tem John Stiver, it was unanimously RESOLVED:

That the Regular Minutes of the July 11, 2017 City Council meeting be – APPROVED

ITEM 4: CONSIDERATION OF CONSENT AGENDA ITEMS

Council Member Robert C. Abernethy, Jr. stated that he would like to talk about recent newspaper articles, and he would like Council Member Jerry Hodge to explain his role at the Observer News Enterprise. He said that he would like to discuss in closed session. Mayor Stedman stated that this could not be discussed in closed session and that Mr. Abernethy could discuss this at the end of the meeting in the Comments from Mayor and Council section. Mr. Abernethy said he would rather discuss it now. Mayor Stedman said that he has not mentioned this earlier. Mr. Abernethy stated that he tried to call the city attorney to discuss, and that he thinks Mr. Hodge is ethical; he just has been in circumstances himself concerning voting and he knows that his ethics aren’t questionable. Mayor Stedman stated that if he had contacted her before she would have considered discussion, but she was contacted and therefore it could be discussed in the Comments from Mayor and Council section at the end of the meeting.

Upon motion duly made by Council Member Tom Rowe, seconded by Mayor Pro Tem John Stiver, it was unanimously RESOLVED:

That the Consent Agenda be – APPROVED

A. Sewer Adjustments

B. Consideration of Budget Ordinance Amendment to Carry Forward Outstanding Purchase Orders at June 30, 2017

C. Consideration of Street Closure – Foothills Folk Art Festival

D. Authorization for Fireworks Display – Hickory American Legion Fair Association

E. Consideration of Commission/ Committee Membership Appointments –
ITEM 5: COMMENTS FROM THE PUBLIC: PEOPLE WHO WISH TO COMMENT ON NON-AGENDA ITEMS ARE ASKED TO SIGN IN WITH THE CITY CLERK PRIOR TO THE MEETING.

Mayor Anne P. Stedman asked if anyone present would like to make comment concerning non-agenda items.

Mr. Ed Sain stated that there are two things he would like to bring to the public’s attention. First, the parade of cans will be August 1st - 31st and second, there will be a spaghetti lunch at Corner Table from 11:00 – 2:00 p.m. on August 13th. He also said that the city does a great job of cleaning things after all reunion events.

ITEM 6: Public Hearing

Mayor Anne Stedman opened the Public Hearing.

Planning Director Randy Williams stated that the NCDOT Pedestrian Plan Grant Initiative is a matching grant program that encourages municipalities to develop comprehensive pedestrian plans and is sponsored by the Division of Bicycle and Pedestrian Transportation. He explained this program has been in place since 2004 and is eligible for municipalities under 25,000 in population.

Mr. Williams stated that this plan will assist the City to address not only the infrastructure needs but also to develop project priorities; review local policies and guidelines; and identify opportunities for the implementation and education and safety programs.

Mr. Williams stated that in October 2015, the City Council approved the submission of a grant application to NCDOT Bicycle and Pedestrian Division for a city-wide pedestrian plan. Planning Staff received word in March 2016 that the grant application was approved for funding and the City of Newton was awarded the grant and ALTA Planning Consultants was chosen to author the plan with citizen outreach meetings and a steering committee to oversee the plan development.

Mr. Williams stated that with limited resources and a long list of needs for sidewalk repairs and extensions, the Pedestrian Plan will assist the City to with prioritization, a review of the detailed needs assessment, and determine the best interconnection to bicycle and transit options within Newton. The Pedestrian Plan will also be used as background data for potential comprehensive plan update and identified small area plans. Mr. Williams stated the implementation recommendations of this plan will also be used as we begin to update the development standards for the City and that it will need to show the benefits of non-vehicular network necessary for transportation to all citizens by establishing safe alternatives to vehicle travel for access throughout city and open additional connections to recreation facilities.

Mr. Williams stated that during the fall of 2016, several steering committee meetings were held along with public outreach including an Existing Conditions Walk and ending with a Public Plan Charrette in December. In January 2017, a final draft was completed and an overview was presented to City Council at the annual retreat. Following that in February, the Planning Commission approved the final draft to be forwarded to NCDOT for review, which staff received comments in late May. Also during that period, planning staff had received additional public comments on the plan. Mr. Williams stated that in June, planning staff directed ALTA Planning to revise the plan to address the comments from both NCDOT and the public. The draft Newton Comprehensive Pedestrian Plan has been posted on the city’s website for review.
Mr. Williams stated that Planning Staff presented the plan to the Planning Commission for their review and endorsed it to be forwarded to the City Council for approval. The Planning Commission held a public hearing on the revised final draft at their July 25, 2017 meeting, heard public comment and recommends adoption to City Council.

Mayor Stedman asked if there was anyone present that would like to speak.

David Crouse, 235 Northgate Drive, Dogwood Hills stated that the issues he had with the greenway have been removed. He said that neighbors also expressed concern, and that he had asked whether the greenway would be on the east or west side of SW Blvd. Mr. Williams stated that hasn’t been decided that it will depend on topography and that this is a 20 year plan. Mayor Stedman stated that Mr. Crouse could be on the Pedestrian Advisory Committee. Mr. Crouse stated that he hates to complain, but that there are obstacles on either side so it is up in the air. City Council Member Robert Abernethy stated that in defense of the city, it really is a concept that will take years. He said plans have to be put together in order to gain access to money and that documents have to be produced to apply for grants. Mr. Crouse said that he has a concern. City Council Member Wes Weaver stated that Mr. Crouse has property there so he should have a concern. City Manager Todd Clark asked if Mr. Crouse’ concern is with the DOT right of way or bisecting. He said the plan is to run in the right of way toward Southside Park, with no intention to turn the path perpendicular. Mr. Crouse stated that his question whether it would run on the right side or the left side.

Council Member Jerry Hodge stated that plans like this are a long process and there is no way to say specifically what it will look like now. He said it is important for citizens to engage along the way and he commends Dogwood Hills for being involved.

Mayor Pro Tem John Stiver stated that with every intersection on Hwy 321 it would be hard to say which side until the intersection is done. Mr. Crouse said that Mr. Williams has been great to deal and he appreciates all the planning staff’s help.

Michael Waltuch stated that he is jumping for joy at this plan. He said there are benefits of the trail and that all voices need to be weighed. He said that underrepresented people will benefit from the plan and that he is pleased to see the green line through his property.

Mayor Stedman asked if anyone else would like to speak. No one appeared.

Upon motion duly made by Council Member Robert C. Abernethy, Jr., seconded by Council Member Jerry Hodge, it was unanimously RESOLVED:

That Public Hearing be – CLOSED.

Mayor Stedman stated that she likes the pedestrian advisory committee and asked if the plan would improve with intersections and paving. Mr. Williams said yes, and it is not exactly as the plan shows. There will be opportunity to pave crosswalks. Mr. Williams said that concerns have been addressed to Dogwood Hills. Mr. Abernethy stated that overall it is a pretty good plan. Mr. Williams agreed and said it is hard to get to every aspect and that it is a concept.

Upon motion duly made by Council Member Tom Rowe, seconded by Council Member Jerry Hodge, and with Mayor Pro Tem John Stiver, and Council Members Jody Dixon, Tom Rowe, Jerry Hodge and Robert Abernethy voting in favor of and Council Member Wes Weaver voting against, it was RESOLVED:

That the Comprehensive Pedestrian Plan be – ADOPTED.
Council Member Wes Weaver stated that he is for the plan but the vote now doesn’t matter. He said that he would be more comfortable if the plan was more defined and he never wants to approve without the public responding.

ITEM 7: Old Business

A. Consideration of Change Order – Newton-Conover High School Sewer Replacement

Public Works and Utilities Director Dusty Wentz stated that work replacing the collapsed sanitary sewer main at Newton-Conover High School is ongoing and that two issues have arisen during construction of the new line.

Mr. Wentz stated that first, a 10’x20’ sink hole approximately six foot deep developed directly above the existing sewer main, almost exactly at the location where staff had determined the existing line had collapsed. The contractor removed the wet soil and placed 28 tons of washed stone and selected backfill to close the sink hole. Mr. Wentz said the cost to complete this work was $6,300.

Mr. Wentz stated the second issue is that an additional 35 foot of five foot wide sidewalk repair has been identified as needed for replacement. He explained that the estimate regarding sidewalk replacement was caused by two factors. First, due to an oversight, the Engineer and staff failed to update the bid tab quantity for sidewalk replacement after the final alignment of the new sewer line was determined. Second, additional sidewalk outside of the bid quantity has been identified as failing adjacent to the sidewalk to be removed for sewer line installation. Mr. Wentz stated that this additional sidewalk is in poor condition and will likely not remain usable after the installation. The cost to complete this work is $3,430 and is an extension of the unit bid price submitted by the contractor during the bid process.

Mr. Wentz stated that together, both of these changes will require utilization of contingency in the amount of $9,730. The original total project amount is $174,561 which includes $14,886 (10%) held as contingency. After change order number 1, there will be $5,156 remaining in contingency.

Mr. Wentz requested City Council approve the use of $9,730 of available contingency for change order number 1 to address the two issues on the High School Sewer Line Replacement Project.

Upon motion duly made by Council Member Wes Weaver, seconded by Council Member Robert C. Abernethy, Jr., it was unanimously RESOLVED:

That Newton-Conover High School Sewer Replacement Change Order be – APPROVED.

B. Consideration of Award of SAFER Grant and Related Budget Ordinance

Fire Chief Kevin Yoder stated that the Fire Department has applied for the SAFER grant almost every year since its inception. He explained that the grant is a three year grant with the local unit committing to a match each year in the amount of 25% in year one, 25% in year two and 65% in year three.

Chief Yoder stated that the Fire Department was notified on July 21, 2017 that the City has been selected to be awarded the 2016 SAFER Grant, and that the total amount of federal funding over the three year period is $582,417. The local share collectively over the three year period is $362,043.00. Chief Yoder said that during the three year grant period the local unit can have no reduction in staffing in the Fire Department without forfeiting part of or the entire grant. Chief Yoder said that the grant is for six additional full-time firefighters.
Chief Yoder explained that this grant is to comply with NFPA (National Fire Protection Association) minimum staffing guidelines for the Fire Department. The Fire Department does not currently meet minimum staffing levels required by the National Fire Protection Association.

Chief Yoder stated that staff anticipates funding the local match through an increase in the Rural Fire District Tax rate, if approved by Catawba County. Chief Yoder explained that the grant must be accepted within 30 days of the date of award and the new positions must be employed within 180 days of the date of award. He said that he anticipates a start date for these employees to be January 1, 2018; therefore an appropriation of approximately $40,000 will need to be approved for the local match.

Chief Yoder recommended acceptance of the 2016 SAFER Grant and adoption of the budget ordinance amendment.

Council Member Robert C. Abernethy, Jr. asked how the reduction in staff is defined. Chief Yoder explained that each position the department has is submitted in a roster. If there is a vacancy then it would need to be filled in 60-90 days.

Council Member Wes Weaver asked how this would correlate with volunteers. Chief Yoder explained that the department does not have volunteers. Mr. Weaver asked about reserves. Chief Yoder explained that the department does not have reserves, just full time and part time employees. City Manager Todd Clark stated that there are limitations on the part time staff. Chief Yoder said that is correct. Mayor Stedman stated that if the city expected to grow then we need a fully staffed fire department.

Upon motion duly made by Council Member Tom Rowe, seconded by Council Member Jerry Hodge, it was unanimously RESOLVED:

That SAFER Grant be – APPROVED.

Upon motion duly made by Council Member Wes Weaver, seconded by Council Member Jody Dixon, it was unanimously RESOLVED:

That the Budget Ordinance in Relation to the SAFER Grant be – ADOPTED.

(Ordinances, Resolutions and Proclamations are hereby referenced and on file in the Office of the City Clerk)

C. Consideration of the Use of Principle Funds from the Estate of Lillian Sewell Jones

Mayor Stedman stated that at this time council will discuss the estate of Sue Jones, and the things that council has decided to talk about such as an amphitheater, dog Park, splash pad, passive park and lights at Jacob Fork Park. She said that they have Jerry’s list and she stated that she thinks they all agree that it is important to abide by the wishes of Sue Jones. Mayor Stedman said that she would like to see a vote this evening.

City Attorney John Cilley stated that Mr. Weaver asked for a copy of the will and that he had an extensive discussion with him. He stated that he attempted to share what I think those are and that he shared his understanding of the intent and procedures of the will. Mr. Cilley introduced David Isenhower, attorney for the estate.

Mr. Abernethy asked if Mr. Isenhower helped Mrs. Jones write the will. Mr. Isenhower stated that it was authored by Larry Pitts.

Mr. Isenhower stated that the will had two main focuses with regard to the money left to the city
1) That the net investment income be used for the City of Newton Recreation Department, that the capital cost be spent on a new facility, new park, or new expansion. Not maintenance to an existing park or facility. Also, that the facility or park receive due recognition of the donation.

2) That there be unanimous votes to spend the money on two separate occasions, 2 years and 3 months apart.

City Manager Todd Clark asked if the second vote fails does the process have to be reset. Mr. Isenhower said the will does not say that, so he says no. Council Member Wes Weaver stated that Larry Pitts said it does reset the process. Council Member Robert Abernethy stated that he was here too, and he wishes that meetings were on video and online. He stated that he remembered Larry giving the feeling to identify the projects. Mayor Stedman stated that we all agreed at the last meeting to agree to statement of intent that identified the issues. Mr. Dixon stated that there are two separate issues; vote to spend the money and agree what to spend it on. Council Member Weaver stated that it is redundant to vote to spend the money again. Mayor Stedman stated that is what the will specifies to do. Mr. Abernethy asked for a cost for each project discussed. Mayor Stedman stated that she thought the council was all on the same page on what projects were important.

Council Member Abernethy stated that he hasn’t been called or contacted on an agreement. He said that he called Mr. Hodge and that he was given no update. He said the things brought up are reasonable, and that he was here when Larry Pitts read the will. He said that if they want to play politics then that is fine with him, and that he is not on the ballot in November.

Council Member Tom Rowe called for a vote.

Council Member Abernethy stated that he has contacted members of council that have not called him back.

After discussion and back and forth by city council, Mayor Stedman called Mr. Abernethy out of order and called for a 10 minute recess.

Mayor Stedman called the meeting to order and called for a vote on the Statement of Intent.

Motion was made by Mayor Pro Tem John Stiver, seconded by Council Member Tom Rowe on a Statement of Intent on how to spend the money; $500,000 on a signature project, $500,000 to leverage for grants, and $500,000 for smaller projects. With Mayor Pro Tem John Stiver, and Council Members Jody Dixon, Tom Rowe, Jerry Hodge and Wes Weaver voting in favor of and Council Member Robert C. Abernethy, Jr. voting against, it was RESOLVED:

That Statement of Intent on how to spend the money; $500,000 on a signature project, $500,000 to leverage for grants, and $500,000 for smaller projects be APPROVED.

**ITEM 8: New Business**

A. Consideration to Adopt an Ordinance to Allow the Sale of Alcoholic Beverages Before Noon on Sundays at Licensed Premises

City Manager Todd Clark stated that the North Carolina General Assembly enacted Senate Bill 155 on June 29, 2017 that authorizes city and county governments to adopt an ordinance to all alcohol sales beginning at 10:00 a.m. on Sundays. He explained this bill was ratified and signed into law by Governor Cooper on June 30, 2017.
Mr. Clark recommended that City Council to consider adopting Ordinance 2017-29 allowing the sale of alcoholic beverages before noon on Sundays at licensed premises effective in the City of Newton October 1, 2017.

Council Member Robert C. Abernethy, Jr. stated that with great freedom comes great responsibility, and that he feels like this is a great opportunity to give liberty back to the people.

City Attorney John Cilley stated that the ordinance would need a two-thirds majority vote.

Upon motion duly made by Council Member Robert C. Abernethy, Jr., seconded by Council Member Jody Dixon, it was RESOLVED with a 5-1 vote, with Council Member Tom Rowe Voting AGAINST:

That Ordinance to Allow the Sale of Alcoholic Beverages Before Noon on Sundays at Licensed Premises, effective October 1, 2017 be – ADOPTED.

(Ordinances, Resolutions and Proclamations are hereby referenced and on file in the Office of the City Clerk)

B. Consideration of Budget Ordinance Amendment to Recognize Smart Sites/Communities Grant

City Manager Todd Clark stated that ElectriCities offers a small Smart Communities Grant for their member cities which is targeted to assist innovative strategies for a number of categories. One such option is for the use in Downtown Revitalization and Economic Development projects demonstrating or implementing projects specifically in the member cities downtowns. Mr. Clark stated that in June of 2017, the Planning Department applied for this grant and was awarded the maximum $4000.00.

Mr. Clark stated that as a part of the Streetscape Plan, the Planning Department has worked with a consultant to build a 3D virtual reality model of downtown Newton with the full complement of Streetscape improvements being shown. This will be done using virtual reality software with five 360 degree views (4 on ground at each corner of the Square & 1 aerial) to depict the future look the Historic Downtown Square. Mr. Clark explained that this project will give citizens, entrepreneurs, investors, business owners and visitors a realistic idea of what and how the streetscape improvements will transform one of the key cultural assets of the City and that it can be viewed using computers, iPads and VR glasses.

Mr. Clark stated that Newton Planning Department recommends that the Newton City Council adopted the budget ordinance and accepts the grant to be used for the 3D virtual reality model of the Streetscape Project.

Upon motion duly made by Council Member Wes Weaver, seconded by Mayor Pro Tem John Stiver, it was unanimously RESOLVED:

That Budget Ordinance Amendment to Recognize Smart Sites/Communities Grant be – ADOPTED.

(Ordinances, Resolutions and Proclamations are hereby referenced and on file in the Office of the City Clerk)

ITEM 9: City Manager’s Report

Meetings & Events

• August 4th Catawba Farms Vineyard & Winery Ribbon Cutting and Reception 5:30 p.m., 1670 Southwest Blvd.
• August 10th -13th ElectriCities Annual Conference, Myrtle Beach, SC
• August 3\textsuperscript{rd}, and August 10, 2017 from 7 p.m. until 11 p.m. “Get Your NewtOn – Thursdays on the Square”
• August 18\textsuperscript{th}, Refuge Design ribbon cutting, 24-A East 1\textsuperscript{st} Street

\textbf{Newton 101 Information}

- Session 1 (Sept. 7): Meet and greet at Newton City Hall. Attendees will meet the Mayor, City Council, City Manager and Department Heads. Participants will learn about the history of Newton.
- Session 2 (Sept. 14): Public Works and Utilities. Participants will tour the raw water intake at the Jacob Fork River, the water treatment plant, and the wastewater treatment plant.
- Session 3 (Sept. 21): Newton City Hall. Participants will tour City Hall including the Administration, Police, Human Resources, Planning, Information Systems and Finance departments. They also will learn more about the city’s electric distribution system, as well as other Public Works services and facilities.
- Session 4 (Sept. 28): Public Safety at Fire Department Headquarters. Citizens will learn about the fire and police departments and the many ways they work to protect and serve the citizens of Newton.
- Session 5 (Oct. 5): Finance, Human Resources and Information Systems at the Historic Newton Depot. Participants will learn about the inner workings of municipal government finance, personnel, and information systems.
- Session 6 (Oct. 12): Newton Parks and Recreation and Planning at the Newton Recreation Center. Participants will learn about the many activities and resources offered at the Newton Recreation Department. This session also will explore the Planning Department and economic development projects.
- Session 7 (Oct. 19): Graduation at Newton City Hall. Participants will enjoy a brief social event, followed by a question-and-answer session with the Mayor, City Council, City Manager and Department Heads. Each participant will receive a certificate of completion at the final session.

\textbf{Reunion Week Activities}

- Thursday, Aug. 10 – Soldiers Reunion Senior Citizens Dance, Newton Recreation Center, 7-10 p.m.
- Sunday, Aug. 13 – Soldiers Reunion Cruisin’, Courthouse Square, 3-8 p.m.
- Sunday, Aug. 13 – Symphony on the Square: An Evening with the Stars (Western Piedmont Symphony concert and laser light show), Courthouse Square, 8 p.m.
- Monday, Aug. 14 – Soldiers Reunion Gospel Music Night, 7 p.m.
- Monday, Aug. 14 – Soldiers Reunion Badminton/Pickleball Exhibition, Newton Recreation Center, 3 p.m.
- Tuesday, Aug. 15 – Soldiers Reunion Beach Music Night, 7:15 p.m.
- Tuesday, Aug. 15 – Soldiers Reunion Cornhole Tournament, Newton Recreation Center, 6:30 p.m.
- Wednesday, Aug. 16 – Soldiers Reunion Baby Parade, Courthouse Square, 6 p.m.
- Wednesday, Aug. 16 – Soldiers Reunion Pet Mania, Courthouse Square, 7 p.m.
- Wednesday, Aug. 16 – Soldiers Reunion Street Dance Night, 7 p.m.
- Thursday, Aug. 17 – Soldiers Reunion Memorial Service, Courthouse Square, 10 a.m.
- Thursday, Aug. 17 – Soldiers Reunion Band Concert, Courthouse Square, 3:30 p.m.
- Thursday, Aug. 17 – Soldiers Reunion Parade, 5 p.m.
- Friday, Aug. 18 – Refuge Design ribbon cutting, 24-A East 1st Street, 10 a.m.
- Saturday, Aug. 19 – 28th Annual Southern Biscuit Soldiers Reunion 5K Run/Walk and One-Mile Fun Run, Newton Recreation Center, 8 a.m.
Sunday, Aug. 20 – Soldiers Reunion Annual 30-60-100 Mill Century Bike Ride, Newton Recreation Center, 8 a.m.

City Manager’s Report July 2017

1. Downtown Streetscape Revitalization Project
2. West A Street Project (LAPP Grant)
3. Pedestrian Planning Project
4. Marketing and Branding Project
5. Westside Drive Sewer Project
6. Electric Cost of Service and Rate Study (Tucker Consulting)
7. Follow-Up on $250K/$225K Appropriations from General Assembly
8. Complete Gateway Signage Project following the completion of the Marketing and Branding Initiative
9. Complete Asset Inventory and Assessment Grant
10. Sue Jones Estate, PARTF Grant Application, Parks & Recreation Master Plan
11. Storm Water Enterprise Assessment
13. Real Estate Transactions including 1) Whitten Property, 2) Capital Bank Property
14. Highway 16 Landuse Update with Catawba County
15. Pay Study and Implementation (FY 2019)
16. Complete $600K in street resurfacing projects
17. Apply for Brownfield Assessment Project Funding
18. Develop strategies to demolish structures that are a danger to public health, safety and welfare using tax foreclosures and/or condemnation practices
19. Complete upgrades to the Red Parking Lot (Zander’s Lot)
20. Service Excellence University
21. Newton 101
22. Complete High School Pedestrian Crossings, Sidewalks, Driveway Improvements
23. Complete Room and Board Annexation – January 2018
24. Pursue SRF Loan with 50% Grant (or loan forgiveness). City staff are evaluating the streetscape projects for potential funding.
25. Highway 16 waterline Project A (Highway 16 to Buffalo Shoals Road)
26. Highway 16 waterline Project B (Balls Creek Road and Buffalo Shoals Road)
27. Highway 16 waterline Project C (Thornburg Drive)
28. Water Meter Rebate Program – September 2017
29. Update the Strategic Growth Plan
30. Continue conversations with Todd Guthrie concerning the Falls Subdivision
31. Continue to work with Scott Millar and Mick Berry to develop new economic development opportunities at the Newton Corporate Center, Danner Industrial Park and another potential industrial location

ITEM 10: Questions and Comments from Mayor and Council

Mayor Pro Tem John Stiver gave a report on the Recreation Commission and the Tree Board.

Mayor Stedman asked if there were any questions or comments from City Council.
Council Member Wes Weaver apologized to Council Member Tom Rowe for things said earlier in the meeting. He stated he was out of line and didn’t want to set that kind of example. Mr. Rowe accepted and apologized as well and said that he probably said some things he shouldn’t have.

ITEM 11: Adjournment

Upon motion duly made by Council Member Wes Weaver, seconded by Council Member Robert C. Abernathy, Jr., it was unanimously RESOLVED:

That the Meeting be – ADJOURNED

__________________________________________________________
Anne P. Stedman, Mayor
