Work To Begin On Sewer Outfall Line

The City of Newton Public Works & Utilities Department along with Hickory Sand Company Inc. and their subcontractors plan to rehabilitate an existing sewer main in the neighborhoods surrounding Snow Creek. The work is expected to begin around February 17, 2014 and should be completed around August 15, 2014.

This sewer outfall line rehabilitation project is funded by a Clean Water State Revolving Fund loan. The project will rehabilitate an estimated two miles of sewer outfall line that runs along Snow Creek.

Thank you for your patience and cooperation as we make these much-needed improvements in the surrounding neighborhoods. If you have any comments or concerns, please feel free to contact the following:

City of Newton
Dennis Falder, Jr.
Collection & Distribution Superintendent
(828) 695-4298

Dusty Wentz, PE
Assistant Public Works & Utilities Director
(828) 695-4296
